VICC #2 Crew is doing well still and morale is high. Crew is doing back haul of hose off their current division. The fire got a tenth of an inch of rain on it after the burn out was done.

VICC#3 – Crew is doing well and morale is high. Crew was on the same I.A as VICC#2. Both crews last day on the line is today.

KYMA# 1328 – Crew is doing well no injuries. Still burning out and supporting operations.

All crews have been manifested with north operations and we are preparing for demob. Tomorrow we will travel to Redding. Friday the crew will be on the NICC jet heading home. When the Jet departure and arrival time is known I will post it.
